## **DEPARTMENT**

Students enrolling in the Civil Engineering program should make note of the following Department and degree titles:

Department Name: Civil & Environmental Engineering

Degrees offered: Bachelor of Science in Civil Engineering  
Bachelor of Science in Construction Engineering

Minor offered: Nuclear Engineering

**VISION STATEMENT:** Pursuit of excellence in preparing engineers to provide innovative solutions to the world's challenges in sustaining the environment and the infrastructure.

**MISSION STATEMENT:** Provide high quality education in engineering and leadership, life-long learning opportunities, and innovation for the benefit of the State of Utah and the world.

*The Bachelor of Science Degree in Civil Engineering at the University of Utah is accredited by the Engineering Accreditation Commission of ABET ([www.abet.org](http://www.abet.org)).*

# TECHNICAL ELECTIVES

Congratulations on reaching the *Technical Electives*! These delve deeper into the various areas covered in the 3000-level courses. A total of **6** Technical Electives, with the exception of Fastrax students, are required. While you are able to take courses in your areas of interest, further specialization is achieved by pursuing Graduate School.

## Primary Technical Electives

To graduate with a Bachelor of Science Degree in Civil Engineering you must:

1. Take at least **one** course from **3 of the 5** emphasis areas in the Primary section. Three different checkboxes **must** be marked to fulfill this requirement.
  2. Complete at least **two** Design courses from **different emphasis areas**. These are designated by a **shaded box**. *Example: CVEEN 4221 and CVEEN 5420*
- As long as these requirements are satisfied, you may take the remaining **3** technical electives in either section.

### Environmental

CVEEN 3610 & 3615 ↓

#### CVEEN 5605

Water and Wastewater  
Treatment F 3

### Structures

CVEEN 3210 ↓

#### CVEEN 4221

Concrete I F 3

CVEEN 3210 ↓

#### CVEEN 4222

Steel I SP 3

### Geotech & Materials

CVEEN 3310 & 3315 ↓

#### CVEEN 5305

Introduction to  
Foundations F 3

CVEEN 3510 & 3515 ↓

#### CVEEN 5500

Sustainable  
Materials SP 3

CVEEN 3510, 3515 & 3520 ↓

#### CVEEN 5570

Pavement Design F 3

### Transportation

CVEEN 3520 ↓

#### CVEEN 5510

Highway Design SP 3

CVEEN 3520 ↓

#### CVEEN 5560

Transportation  
Planning SP 3

### Water Resources

CVEEN 3410 & 3415 ↓

#### CVEEN 5410

Engineering  
Hydrology F 3

CVEEN 3410 & 3415 ↓

#### CVEEN 5420

Open-Channel  
SP 3

## Secondary Technical Electives

With the exception of *Construction*, where only **one** course may be taken, you may take multiple courses in a single emphasis area — up to a **total of 3** courses.

### Environmental

CVEEN 3610 & 3615 ↓

#### CVEEN 5610

Water Chemistry F 3

### Structures

CVEEN 3210 ↓

#### CVEEN 5210

Structural Analysis II SP 3

CVEEN 4222 ↓

#### CVEEN 5230

Steel II F 3

CVEEN 4221 ↓

#### CVEEN 5220

Concrete II SP 3

CVEEN 3210 ↓

#### CVEEN 5240

Reinforced  
Timber/Masonry F 4

### Construction Management (Max 1)

CVEEN 3100 ↓

#### CVEEN 5710

Cost Estimation &  
Proposal Writing F 20/22 3

CVEEN 3100 ↓

#### CVEEN 5730

Project Management &  
Contract Administration SP 20/22 3

CVEEN 3100 ↓

#### CVEEN 5720

Project Scheduling F 3

CVEEN 3100 ↓

#### CVEEN 5750

Engineering Law &  
Contracts SU 20/22 3

### Nuclear Engineering

CHEM 1220, PHYS 2220, MATH 1220 ↓

#### NUCL 3000

Nuclear Principles in  
Engineering & Science F 3

NUCL 3000 ↓

#### NUCL 3100

Neutron Based  
Engineering SP 3

### Other (Max 1)

Any 3000+ level  
course from the  
College of  
Engineering or an  
ABET accredited  
program

3+

## **COMPUTER REQUIREMENT**

All incoming undergraduate students in the Department of Civil and Environmental Engineering are required to have a laptop. It is the student's responsibility to ensure that his or her laptop meets the following minimum requirements:

### **HARDWARE**

#### Processor

Intel® Core™ i5, or i7 or equivalent AMD processors

#### Memory

8.0 GB RAM or greater

#### Hard Drive

512 GB or greater

#### Graphics

Minimum: Integrated video card

Recommended: Dedicated video card

#### Network Card

Integrated Wireless 802.11ac

### **SOFTWARE**

#### Operating System

Windows 10

Mac users can use Boot Camp, VMware, VirtualBox, or Parallels, however, these options may require more powerful machines to run.

#### Microsoft Office

<https://software.utah.edu/microsoft.php>

(free to download for students)

#### AutoCAD & Revit

<http://www.autodesk.com/education/home>

(student version free to download)

***\*Additional software may be required for other classes.***

***\*Tablets are not recommended.***

## **MATH AND SCIENCE ACCREDITATION HOUR REQUIREMENT**

All students must complete a minimum of 30 credit hours of math and science courses. If students do not meet this requirement, they will need to take additional math and science courses to meet the required hours.

## **COURSE GRADE REQUIREMENTS**

In order to progress within the program and graduate, the Department requires the following grades:

A grade of "C" or higher must be met for the following courses:

- All Mathematics (MATH 1210/1310, 1220/1320, 2210, 2250)
- All Chemistry (CHEM 1210, 1215, 1220, 1225)
- All Physics (PHYS 2210, 2215, 2220, 2225)
- CVEEN 2010, 2140, 2300, and 2310

For all other CVEEN courses, a grade of "C-" or higher is required.

## **GPA AND ENGINEERING GPA**

The University requires all students to maintain a cumulative GPA of 2.00 or higher. The Department requires all students to maintain an engineering GPA (EGPA) of 2.50 or higher. Engineering GPA is defined as courses counted towards the major with the exception of the following:

- All general education courses (e.g., LEAP 1500/1501)
- All seminars (e.g., CVEEN 1000/2000)

For repeated EGPA courses, the second letter grade received will be counted as the official grade for the EGPA calculation. Please see the policy on repeated courses.

## **UPPER-DIVISION TRANSFER CREDIT POLICY**

A maximum of 3 courses (and their accompanying labs) at the 3000-level may be transferred into the program (9-12 credits max). No technical electives or additional upper-division credits will be accepted.

## **REPEAT POLICY**

A student can take an engineering GPA (EGPA) course for grade only twice at the University. Students withdrawing from an EGPA course are allowed three attempts, including the withdrawal. Any student who takes a required class twice and does not have a satisfactory grade the second time, will be removed from major status and will not be allowed to take any new CVEEN classes until they meet with an academic advisor, develop a plan, and petition the Undergraduate Committee requesting that a third attempt at the class be allowed. The Undergraduate Committee, after reviewing the petition and other relevant facts, shall make the final decision to allow or not allow the further attempt and shall communicate that decision to the student in writing.

Attempts of courses taken at transfer institutions count as one attempt. This means a student may take the course only one time at the University of Utah.

When retaking an EGPA course, if the course was taken at the University of Utah, it must be retaken at the University of Utah. For example, students cannot count a grade obtained in a class taken at another institution to replace a low grade obtained in a class previously taken at the University of Utah.

## **ACADEMIC PROBATION**

A student who fails to maintain an engineering grade point average (EGPA) of 2.50 or higher will be removed from major status and will be placed on academic probation. While on probation, students will not be allowed to take any new CVEEN classes and will have three consecutive semesters to retake courses or take additional non-CVEEN courses to bring their EGPA to 2.50 or higher. While on academic probation, the student will meet with an academic advisor at the end of every semester to review their progress. If after the three semesters (e.g., fall, spring, summer), the student fails to raise their EGPA to 2.50 or higher, their progress will be evaluated by the Undergraduate Committee and, if no progress is shown, the student will be dismissed from the program. Students that have been placed on probation

for more than 3 semesters, even if non-consecutive, will also be evaluated by the Undergraduate Committee to determine if they should be allowed to remain in the program.

A student who fails to maintain a cumulative grade point average of 2.00 or higher will also be on probation with the Department.
